Firmware Update Guide

FW Upgrade Guide for PSP5550DUO

Please note that update could be applied only for exact version v.1.1.0.05.
Make sure that you download proper files from our web page.

Please BACKUP all critical information before applying this upgrade.

What's needed:

- USB-cable

Here are the steps you should perform to update your device:

1. Copy and paste the **update.zip** file into your internal SD card root folder
2. Switch off your phone.
3. Press and hold Volume+ and Power button, release Power button after the device turns on.
4. Wait until the phone goes to the green robot screen and press Power button.
5. Use Volume- button for navigation Volume+ to confirm the selection.
6. Select **apply update from SDcard**
7. Select **update.zip** file, confirm with Volume+ button
8. Wait until the system installs all necessary updates
9. Select **reboot system now**
